TIMMY LIAUD

Student in 3rd year of CESI Graduate School of Engineering

- computer science specialty -

I am looking for an enriching experience. Passionate about computer science and robotics, I have already realized many personal projects in these fields as well as in 3D printing.

EXPERIENCES

January to April 2022   **Developer DevOps**
Faurecia

Developing DevOps tools on azure DevOps

April to July 2021   **Technical training and analysis:**
Albéa Tubes France

Development of a team monitoring application and generation of Power BI reports.

July 2016   **Observation internship: Automotive industry**
Hanon Systems

Discovery of the quality manager's job, problem solving method.

July 2016   **Observation internship: Teacher**
high school Mabillon

Maintenance of 3D equipment and preparation of courses.

June 2015   **Observation internship: Design**
Agencia Design

Follow-up of a draftsman in a SME, observation of the drawings of a project and verification of the production.

TRAINING - CERTIFICATION

2019 - today   **Third years of engineering school**
CESI – engineering school

2015-2019   **General scientific baccalaureate** (French secondary school diploma)
Private high school Mabillon

Second general
Premiere scientific: club 3D
Terminal scientific, Computer and Digital Sciences specialties

2021   **CCNA 1**
netacad

LOISIRS

Hand work, 3D printing, laser cuter, woold work, cooking, kirigami

SKILLS

- Power BI
- Conception 3D
- Team management
- Python
- C++
- HTML
- CSS
- Javascript
- SQL
- CISCO
